CORALLO

TASTE OF TRADITION

Corallo nasce da una storia che ha attraversato tre generazioni e poi, ad un certo punto, ha deciso di esplodere in qualcosa di nuovo. Nonna Palmina lo diceva senza mezzi termini: “Un seme per fiorire deve cadere a terra”. È lì, in quell’impatto, che nasce la voglia di uscire dal perimetro sicuro e trasformare un mestiere antico in una visione capace di viaggiare.
Oggi Corallo non si limita a custodire la tradizione siciliana: la reinventa, la ribalta, la porta altrove. Qui il gusto è una dichiarazione d’intenti, le materie prime sono scelte come si scelgono le parole giuste, e la qualità diventa un passaporto per il mondo. Luigi, la nostra mascotte, è l’ambasciatore del gusto e del cuore italiano nel mondo, pronto a guidare un nuovo corso. Un percorso che non ha paura di cambiare idea, di rischiare, di sorprendere. Perché la storia è lunga, ma il futuro, quello si, è appena cominciato.

Corallo was born from a story that spans three generations and then, at a certain point, chose to break open into something new. Nonna Palmina used to say it plainly: “A seed must fall to the ground in order to bloom”. And it’s in that moment, right at the impact, that the urge arises to step beyond the safe perimeter and turn an ancient craft into a vision ready to travel.
Today, Corallo doesn’t just preserve Sicilian tradition: it reinvents it, flips it, carries it further. Here, flavor is a statement of intent, ingredients are chosen the way you choose the right words, and quality becomes a passport to the world. Luigi, our mascot, is the ambassador of Italian taste and heart around the globe, ready to lead a new chapter. A path unafraid to change direction, to take risks, to surprise.
The story runs deep, but the future is only just beginning.

TRUFFLE BITES

CACAO

La massa pura di cacao detta il tono: intenso, profondo, equilibrato
Una copertura di cacao di prima scelta ne amplifica la forza senza appesantirla.
Ogni truffle è modellato a mano, perché certe intensità richiedono cura.

Pure cacao mass sets the tone: intense, deep, balanced. A fine cacao coating amplifies its strength without weighing it down. Each truffle is shaped by hand, because certain intensities demand care.

PISTACCHIO

Il pistacchio è scelto tra i migliori, tostato finché non libera il suo carattere più vero. Il risultato è un gusto che arriva dritto, senza compromessi. Ogni truffle è lavorato a mano, perché l'intensità nasce solo da gesti precisi.

The pistachios are chosen among the very best, roasted until they release their truest character. The result is a flavor that comes through straight, with no compromises. Each truffle is handcrafted, because intensity is born only from precise gestures.
